Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	- Registers an account. - Logs in. - Accesses the profile.	- Creates or views FAQs. - Searches FAQ records. - Updates or deletes own FAQs.	- Enters a question or topic. - Requests AI assistance. - Receives an AI-generated answer or FAQ.
Touchpoint <i>What part of the service do they interact with?</i>	- Registration API - Login API - Profile API	- FAQ API - Search API - MongoDB	- AI API - Google Gemini AI - Generated response

Customer Thought <i>What is the customer thinking?</i>	• “I need a secure account.” • “Can I access my profile?” • “Is my account protected?”	• “Can I find the FAQ quickly?” • “Can I manage my FAQ?” • “Is my information organized?”	• “Can AI answer my question?” • “Can it generate an FAQ for me?” • “Will this save my time?”
Customer Feeling <i>What is the customer feeling?</i>	Secure and confident	Organized and relieved	Supported and satisfied

Process Ownership <i>Who is in the lead on this?</i>	Authentication module	FAQ management module	AI service module
Opportunities <i>How can we improve this stage?</i>	• Improve authentication security. • Provide clear error messages. • Make login simple.	• Improve search functionality. • Organize FAQs by category. • Provide efficient CRUD operations	• Improve AI response accuracy. • Provide concise answers. • Improve AI-generated FAQ structure.
