

Solution Architecture

Date	28 September 2026
Team ID	SWTID-2026-6721
Project Name	FAQ Assistant API
Maximum Marks	5 Marks

Solution Architecture Diagram:

Provide a high-level visual representation of your solution's architecture. Use the structural layout below as a template to map out your Presentation Layer, Application Layer, and Data Layer. Fill in the specific technologies and components for your project directly into the boxes to create your architectural diagram.

Component Description Table

Component Name	Description / Role in Architecture	Technologies Used
<i>Presentation Layer</i>	Allows the user to send a question to the FAQ Assistant API and receive the answer	JSON
API Gateway	Receives the user's question, processes the API request, and returns the response to the user	<i>Python</i>
Microservices	Processes the user's question and uses Gemini AI to generate a relevant response	<i>Python, Gemini AI</i>
Database	No database is implemented or specified in the current project documentation	Not specified
